Overview

Marketplace Foods Group continues to be the leader in providing relevant SOLUTIONS and offering truly unique market sales opportunities to our vendors and customers. WILBUR Wholesale is our redistribution VEHICLE that allows for thousands of vendors and customers to reach sales goals in specific areas, breach and penetrate markets previously unattainable, and to basically have a strategic “Redistribution” partner for continued growth and profitability.

Our new FACILITY, in the heart of Atlanta, is a commitment to all our vendors and customers to offer the most professional and customized Redistribution Program available anywhere!

Because WILBUR Wholesale does NO STREET SALES!... Our emphasis is on supporting our vendors and wholesale customers 100%. Independent distributors are our main focus. We have programs that can benefit everyone, no matter the size. Yes, we are strong nationwide. Atlanta and the southeast are our biggest markets, but we are also present in the Midwest, Northeast, and West Coast (Namely: Chicago, New York, and California). Our NEUTRALITY IS OUR STRENGTH. We emphasize the Chinese, Mexican, and Italian markets mainly because these are the three fastest growing segments.

Our approach to business is unique. We simply offer our vendors and customers solutions, information, and ideas. DIVERSITY is the key to our success. We sell everyone from the US Military and all US Government Segments... to the Largest and Smallest of Food Distributors... to Food Banks...to Manufacturers... to Universities...etc. Our skill-set is very broad and we bring this knowledge to the table for everyone we do business with. Therefore, we can pool together all these assets to create a large “group buy” scenario to truly move large volumes so that everyone benefits. Basically, ECONOMIES OF SCALE is the key to our pricing dominance.

Lastly, we offer customized rebate programs and volume incentives for all customers, much like a traditional buying group does. In conjunction with our rebate programs, we offer sales “spiff” incentives to all our customers to keep things exciting.

Why Choose Marketplace Foods Group & WILBUR Wholesale

- Professional, Hard Working, and Easy to Work With
- “Best Value” for all Customers (Convergence of Desired Quality with Requested Price)
- Ability to Ship both Truckload and LTL Orders, Nationally and Internationally
- Solutions Flexibility: Ability to Manufacture and Source a Variety of Food, Non Food, and Customized Solutions
- Extensive Catalog of Wholesale Food and Non-Food Items (Private Label Opportunities Available)
- Our System, Skill-set, and Work Force is Second to None
- “Incredible Service and Exceptional Products” Guarantee

Solutions Breakdown

- Vendors: Offer a vehicle to sell thousands of potential customers on large scale (As previously explained)
- Customers: Increase the quality of the products, money saving solutions, and all the while having a partner who will support all programs 100%.

“Old Fashioned, Fast and Reliable!”
